January 21, 1999

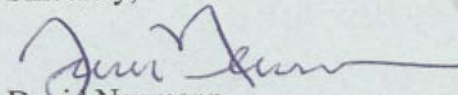

To whom it may concern:

I am very pleased to be writing this letter of recommendation for Leone & Keeble, Inc. Leone & Keeble is the general contractor on the \$2,500,000.00 Genesee School modernization project begun in June 1998. We anticipate completion within the next three weeks.

Both the Board of Trustees and I have been satisfied with the quality of construction and the willingness of the contractor to insure our satisfaction. We have been most pleased with the service and customer-oriented attitude of Leone & Keeble employees. From the top on down, their people have been courteous, competent, and respectful. Due to the scope of construction, we have been in session during the completion of phase two of the project. This has necessitated some adjustments, compromise and flexibility on everyone's part. The contractor has gone out of his way to minimize the disruption to the educational process.

I have been particularly pleased with the positive and professional relationship the site superintendent has maintained with the sub-contractors and our staff. The subs work well together and everyone appears to be heading in the same direction. I can honestly say the Leone & Keeble employees have made this a pleasant, interesting, and rewarding experience. We are all proud of our beautiful school and look forward to its final completion. If you have any questions, please do not hesitate to contact me.

Sincerely,

David Neumann
Superintendent
