

Washington Water Power

Gentlemen,

The purpose of this letter is to express the exceptional work and job performance of Leone & Keeble, Inc. General Contractors.

Leone & Keeble have distinguished themselves as a valuable asset to our organization. Their firm has been expedient, reliable, and very qualified on a variety of projects they've worked on.

The team represented by Leone & Keeble (formerly Hazen & Clark) are well organized and very service oriented. When working on large projects they do a great job of communicating the work progress and meeting deadlines. All their work is done in a workmanlike manner, exceeding those performed by similar contractors. When called upon to perform small projects they are always quick to respond at the initial request and complete the projects as expected.

WWP Co. projects performed by Leone & Keeble's team include the following:

- | | |
|---------------------------------------|-----------------|
| * Service Bldg. Office Addition | Architect: ALSC |
| * Line Dock Expansion | Architect: ALSC |
| * Line Office Computer Room | Architect: ALSC |
| * Dollar Road Renovation Project | |
| * Graphics Office Remodel | |
| * Customer Accounts Breakroom Remodel | |
| * Basement's Radon Mitigation Project | |
| * Madelia Street Office Remodel | |

I highly recommend Leone & Keeble to your company. They shall be an asset to your construction needs.

Please call me any time to discuss Leone & Keeble's abilities.

Sincerely,

A handwritten signature in blue ink that reads "Michael Stepper". The signature is fluid and cursive, written over a white background.

Michael Stepper
